WINNER

Bastar, Jagdalpur, Chattisgarh

WINNER

Akshat Jyoti

Strategies implemented:

- Use of Passive design strategies such as Earth tube cooling and use of existing site features.
- Windows are well shaded with the help of balcony.
- Buffer zones provide for an additional layer of insulation between the outside heat and functional spaces of the house.
- Two rooftop skylights are strategically placed that enhances natural lighting.
- Cross ventilation helps in flushing out hot air from the room.
